

CENTRAL PLAINS EXPO XXXV

“Facing the Challenges”

An educational conference/vendor exhibit at the
HYATT REGENCY WICHITA,
KANSAS

October 4 and October 5, 2018

2018

Central Plains Expo

Four healthcare associations have formed an organization called the Central Plains Expo (CPE). CPE is made up of representatives from the Association for Professionals in Infection Control & Epidemiology (APIC)-Wichita Chapter; Kansas Association for Healthcare Resource & Materials Management (KAHRMM); Kansas Healthcare Environmental Services and Laundry Association (KHELSEA) and Kansas Society for Healthcare Central Service Professionals (KSHCSP). The CPE Board presents an annual educational conference and vendor fair that provides a forum for learning and networking through sessions, exhibits and meetings.

The conference is geared towards staff and management in infection control, environmental services, sterile processing and material management. This year's theme highlights the challenges we face in our professions.

2018 CENTRAL PLAINS EXPO BOARD OF DIRECTORS

Chair
KAHRMM
DeeAnn Hinton Ks.
Surgery and
Recovery Wichita, KS

PROGRAM Chair
KSHCSP
Joanna Berg
Kansas State University
Manhattan, KS

Treasurer
APIC
Kelene Youngs
Hutchinson Regional
Medical Center
Hutchinson, KS

Secretary
KHELSA
Kelly Schmidt
Mitchell Co.
Hosp.
Health Systems
Beloit, KS

Last/Past Chair
KAHRMM
Mike Morgan
McPherson Hospital
McPherson, KS

Vendor Exhibits
KAHRMM
Robin Shoemaker
Coffeyville, KS

Registration/mailing
APIC
Janie Mosqueda
Newton Medical
Newton, KS

APIC Representatives
Karen Bally
Via Christi Hospital
Wichita, KS

APIC Representatives
Kathy Adams
Wesley Healthcare
Wichita, KS

APIC Representatives
Brenda Davis
KS Foundation for Medical
Care
Topeka, KS

KHELSA
Representatives
Eva Harrington
Norton Co. Hosp
Norton, KS

KAHRMM
Representatives
Chad Derdich
University of Kansas
Shawnee, KS

KSHCSP Representatives
Jan Garrett
Abilene Memorial Health
Systems
Abilene, KS

KHELSA Rep.
Cole Gilliland
Susan B. Allen
Memorial Hospital
El Dorado, KS

Board Meetings October 3, 2018

KSHCSP 5:00 pm to 7:00 pm
KHELSA 5:00 pm to 8:00 pm
KAHRMM 5:00 pm to 7:00 pm

Registration Fees

Registration includes all learning sessions, lunches, breaks and vendor exhibits. Registration cancellation request sent to Jane Mosqueda, Newton Medical Center, 600 Medical Center Drive, Newton, KS 67114; in writing prior by September 27, 2018 will receive a 50% refund.

Accommodations

A block of rooms has been reserved at the hotel until *September 14, 2018* at a rate of \$118.00 for single or double occupancy. Please indicate your reservation is for Central Plains Expo.

Contact the Hyatt Regency

400 W. Waterman

Wichita, KS

Booking Website: <https://book.passkey.com/go/centralplainsexpo2018>

Phone: 888-421-1442

Fax: 316-293-1200

CEU's

Via Christi is a provider of pending CNE's, by the Kansas State Board of Nursing. This conference offering is approved for a maximum of 12 contact hours applicable for RN or LPN re-licensure. Kansas State Board of Nursing Provider number: AHRMM pending, CBSPD approved code #1172KSSEM & 1173KSSEM; and IAHCMM contact hours approved 182707 A & B.

Special Assistance

In compliance with the American Disabilities Act, CPE will make every effort to accommodate persons with disabilities. Please indicate your needs for special assistance on your registration form.

General

Dress is business casual. It may be helpful to include a sweater or jacket since temperatures in meeting rooms may be cool. Smoking is permitted in designated outside areas only.

Handouts

Handouts will be available on our website – www.centralplainsexpo.org to download for printing. When you register, you will be provided with a password via email to have access to the handouts. Handouts will be available 2 weeks prior to the conference on the website. Please register early so that you can have access to the handouts prior to the conference. We must have your email address. Remember to bring pen and paper for notes.

THURSDAY, October 4, 2018

7:00 – 7:50 am Registration, Coffee and Breakfast

8:00 – 10:00 am

Session A: KSHCSP “Sterilization Containers and 2018 Sterilization Standard Update” - Sue Klacik **CEU-2**

Objectives:

- Discuss regulatory changes.
- Introduce change to the AAMI sterilization standards.
- Introduce updates to AORN evidence based guidelines
- Discuss updates to supplementary best practices involved in medical device processing

Session B: KAHRMM “Lean Process Improvement Overview” –Brian Weisel

Objective:

- Verbalize what is Lean in Healthcare
- Discuss importance of “value” from the patients perspective
- Explain the six lean principles
- List the 8 Deadly wastes commonly associated with Lean Healthcare
- Describe the A3 process and Lean counter measures.

Session C: KHELSA “Customer Service Excellence” – Harold Courtois

Objective:

- Educate, teach, train, and live Customer Service.

Session D: APIC “Clinical Evidence and Project Performance” – Ruth Carrico, PhD, MSN, APRN, FNP-C, FSHEA, CIC

Objectives:

- Define guiding principles for product use and selection as viewed from the perspective of industry, users and evaluators.
- Building upon the perspectives, describe the alignment between existing practice, operability, and clinical evidence as part of purchase decision-making.
- Introduce a blueprint that can be used in evaluating product use and selection based upon available science, need, and safety.

Break 10:00 – 10:10 am

10:10 – 12:10

Session E: KSHCSP “Welcome to the Sterile Processing Department” – Lisa Huber CEU - 2

Objectives:

- Describe the various activities performed by healthcare professionals working in sterile processing departments.
- Review key steps that should be performed when conducting an assessment of sterile processing activities in a healthcare facility.

Session F: KAHRMM “Lean Process Improvement Overview” Continued –Brian Weisel

Objectives:

- See objects above for 8:00am session.

Session G: KHELSA “Round Table” – Eva Harrington

Objectives:

- To conduct the Round Table in a constructive manner that will allow all participants to voice questions and receive feedback on different issues.
- To allow everyone the chance to receive valuable information they can take back and apply at their facilities.

Session H: APIC “Antibiotic Stewardship in Veterinary Medicine and Production Animal Agriculture”

– Mike Apley, DVM, PhD, DACVCP

Objectives:

- Understand major categories of Antimicrobial use, in all facets of veterinary medicine (including production and animal agriculture).
- Become familiar with antimicrobial stewardship programs in veterinary medicine and production animal agriculture
- Understand initiatives to evaluate antimicrobial use in veterinary medicine and production animal agriculture and metrics used in interpretation.

12:10 – 12:40 pm Lunch

12:30 – 3:15pm Vendor Show Open

3:30 – 5:30 pm

Session I: KSHCSP “The Role of Verification in Preventing HAI’s” - Cheron Rojo CEU - 2

Objectives:

- Define best practices in cleaning verification and inspection of flexible endoscopes.
- Review the latest recommendations from Industry Standards and Professional Societies for verification testing.
- Understand the role of cleaning monitors to verify complete manual cleaning of endoscopes in the prevention of hospital required infections

“Storage and Surveillance Endoscopes” – Chervon Rajo

Objectives:

- Discuss why there are concerns about bacterial growth inside endoscopes and what the implications are of those bacteria being present.
- Outline the current guidelines on microbial culturing and surveillance of flexible endoscopes.
- Review storage National Standards, Guidelines and best practices.
- Discuss how to perform a risk assessment to establish a length of storage for reprocessed endoscopes.

Session J: KAHRMM “Best practices in Supply chain Management” Mike Morgan

Objectives: To discuss and get a better understanding of what others are doing in the following Topics:

- Discuss topics with groups such as:
 - a. Patient centered healthcare
 - b. Baby friendly hospital initiative
 - c. GPO Hospital relationships
- Hot Topics from AHRMM conference from attendees (TBD)

Session K: KHELSA “Partners in proper Prevention” Infection Control & EVS” – Jonathon Beisler & Connie Schaefer RN CIC

Objective: After the completion of this presentation, the participant will be able to:

- Identify current topics cited under infection control standards/EOC (environment of care).
 - a. If you see it, they will cite it (Dust, Dirty corners and edges, etc.)
- Describe successful components basic EVS processes.
 - a. (clean to dirty, treat every surface the same, routine procedures, use of friction and good ol’ fashioned elbow grease, dwell times)
 - b. Shifting away from antimicrobial soaps (issues, challenges, opportunities) Identify pros and cons to various options.
- Ascertain basic practices & principles regarding Terminal Clean, use of check lists
- Q & A, with scenarios and discussion points
- There is nothing to disclose

Session L: APIC “Round Table Discussion” – APIC National Attendees: Paul Carrington, RN; Tami Eiselt, RN; and Theresa Gassett-Haynes, RN

Objectives:

- Identify the needs of a community threatened by a natural disaster and apply these concepts in developing emergency operation plans.
- Describe the patient safety and infection prevention during a natural disaster.
- Infection Control after a disaster.
- The audience should be able to describe what a Gemba walk is.
- The audience should be able to describe how to perform a Gemba walk.
- The audience should be able to describe why Gemba walks are an effective method of understanding the challenges of infection prevention in Healthcare.

5:30 – 6:30 pm: Organization meetings

FRIDAY, OCTOBER 5, 2018

7:00 – 7:25 am Registration, Coffee and Breakfast

****NOTE BEGINNING TIME CHANGE!!!!**

GENERAL SESSION 7:30 – 9:30 am

Session M: “The Making of a Masterpiece” – Richard Hight

Objectives:

- Identify, develop, distinguish and apply their innate strengths to complete tasks more efficiently
- Construct creative problem solving
- Compare and contrast the varied abilities of their co-workers and grasp the usefulness of diversity in serving clients
- Make a difference in their work place and communities

Break – 9:30 - 9:45 am

9:45 – 11:45 am

Session N: KSHCSP “The Joint Commission Wants to Know What You Know!” – Skee Japp CEU - 2

Objectives:

- Identify the environmental standards for CSPD
- Discuss the daily monitoring required for the CSPD processes.
- Define the impact of accurate documentation.

“Teamwork – It’s Worth the Effort” – Skee Japp

Objectives:

- Define a Team
- Discuss the process for team building.
- Identify the relationship of teams to total quality.

Session O: KAHRMM “Maximize your GPO relationship” – Jim Brooke/Russell Hall

Objectives:

- Attendees will have a better understanding of GPO contracts.
- Why those contracts are important to follow from the GPO/vendor perspective.
- How working together helps everyone involved the Healthcare supply chain.

Session P: KHELSA “Laundry Processes and Certification” and “TRSA – green and hygienically clean Programs” – David Griggs

Objectives:

- Understand Laundry Certification programs and surveys
- Explain 5 Steps to Hygienically clean Certification
- Best practice floor care procedures for clean safe health environments
- Why standardized systems in floor care are critical

Session Q: APIC “Modern Epidemics including Bio-terrorism: How real are the threats?”

– Lee Norman, MD, MHS, MBA

Objectives:

- Understand and be able to name at least three global and regional factors that make epidemics more likely in the future
- Describe the linkage between plant, animal and human health and in the impact on human disease
- Better understand the real risk of bioterrorism to our population, including those of both common illnesses we’re familiar with, and potentially genetically-modified pathogens.

LUNCH 11:45 -12:45pm

12:45 – 2:45pm

**Session R: KSHCSP “Lost in Translation: Best Practice According to Whom” – Brandon VanHee
CEU - 2**

Objectives:

- Define Primary difference between SPD and OR responsibilities and priorities.
- Describe the primary challenges the SPD and surgery departments face when implementing process improvements based on standards and recommendations practices.
- Discuss common situations that create interpretation/communication challenges between the SPD and surgery departments.
- Identify various interpretations of specific ANSI/AAMI 5779 and AORN standards and recommended practices related to instrument reprocessing as well as their intended meaning.
- Design a collaborative approach to implementing industry standards and recommended practices between the SPD and OR.

- Discuss the importance of proper leadership in a workplace/health care setting as it pertains to reinforcing standards and recommended practices.

“It’s Getting Hot in Here: Basics of Steam Sterilization” – Brandon VanHee

Objectives:

- Discuss how steam sterilization works
- Discuss the factors that effect a sterilization cycle
- Discuss the anatomy of a steam sterilizer.
- Discuss the various steam sterilization cycles and phases.
- Determine how to read a sterilizer print out.
- Identify common sterilization failures and reasons for them.
- Discuss proper loading and unloading of sterilizer loads.
- Discuss importance of following manufacturers IFU.

Session S: KAHRMM “Preanalytical variables: Don’t Forget Urine & The Patient Experience” – Curtis Rice

Objectives:

- The presentation covers the significance of urine testing, review of current practices, guidelines/regulations, need for preservatives, trends in antimicrobial resistance and CAUTI reduction, impact of contamination, impact of using a closed system, and best practices.

Session T: KHELSA “Great Leadership with Effective Management” – Cole Gilliland

Objectives:

- Explain the difference between a Good Leader and being a Good Manager.
- Provide tools to use for both leading and managing your staff, your schedule, your budget and change.

Session U: APIC “Bending IP rules without breaking our principles and A day in the life of an IP Prioritizing our resources.” - Jim Gauthier, MLT, CIC

Objectives:

- List the difference between legislated regulations, guidelines, and best practices.
- List 2 criteria to differentiate prioritizing actions on busy days.
- Utilize the Chain of Transmission to answer questions.
- Give examples of vertical vs. horizon infection prevention.
